

ART SMART

with Adèle Frankle

Our aim is for students to explore and learn how to express themselves, through their art.

We use different types of material, so that the children will gain more confidence in mastering these, and new techniques. It is important for students to explore and learn how to express themselves, through their art.

Most importantly.... they will have lots of fun. Some of the techniques we will be learning: Brush paintings with acrylic or watercolor paint, collage, masking out & splattering, sewing, salt paintings, pastels, patterns & dots, wax crayons, collage, origami, paper mache, working with pastels and charcoal, and many more!
